To whom it wakes concern ..

Dear Sir,

With this letter I want to tell you - at least I will try - why I am a Sannyasin and why it is so wonderful for me that Bhagwan is in good health.

It is hard to find the right words for a feeling that can't be expressed in words.

Some years ago, I started to get the strong feeling that I was searching for something - but I didn't know what it was. I wasn't content with it so I start to read many books about psychology, philosophy; I was very interested in books that dealled with that field of study - but I still wasn't content because I knew so much theory and not how to practice it.

One day I got a book of Bhagwan - a friend gave it to me. I read it and suddenly I knew that this is the practice I was looking for.

With Bhagwan I make many steps forward in my search and I am very happy. For the first time I feel a deep inner

contentment.

Words aren't necessary - only through Bhagwan's being alive and knowing that he is in good health, I get help and I feel so much love.

Sincerely

Swami Sunder Günter
