

BOLOGNA 27-7-83

To whom it may concern -

My Sannyas name is Swami Veet Marco,  
my legal name is Marco Parenti.

I am 23 years old.

I have studied in professional schools and  
I am working.

I have met since 1980 and I have taken Sanyas  
in Oregon 15 day ago.

As for me, Bhagwan is the greatest spiritual  
master because He teaches to accept my self, a  
the other people around and all what me  
happens to me.

And all this means to be in harmony with  
myself and with all the people around

As for me He is the most important because  
He is a living master.

With trust -

Sw. Veet Marco
