To whom it may concern!

My name is Mr Prem Anito. I am 27 years old. I am social worker and have been working for some years.

In the year 1982 I met Bhagwan Shree Rajneesh. I became his disciple, a Sanghisin.

I had written some books written by Bhagwan, and at once I was sure, that way of living Bhagwan was talking about was the way, I was looking for all the time, but without succeed. Here it was.

There was everything included, no dogmas

For me living with Bhagwan is to live life totally.

After being taken Sanyas my life changed.

I did Bhagwan's meditations and joined some groups for inner growth with Sanyasins as Therapists.

That were totally new experiences for me: I remembered one thing: that there was no need to love any fear, that I had to learn again to love myself.

In 1982 I joined the First Annual World Celebration at Rajneeshpuram. That was the first time I met Bhagwan. It was so great to feel his love. There was no need for talking between Bhagwan and me. I realized that Bhagwan's love opened my heart.

Until the first Festival I'd been living alone. I was waiting for love, but it did not come to me.

After having returned from Oregon,
I joined the Rajneesh Community
at Braunschweig.

Together we started a new Rajneesh
Meditation Center.

Life began to become alive.

Bhagwan pushes me into life - very
softly, with love.

This year again I joined the Second
Annual World Celebration. I felt
a very deep and strong connection
and love to Bhagwan, I never
did before. There was so much
love inside me, around me. I felt
in harmony with myself like never
before.

I still worship at Bhagwan's
Manjusha Rajneesh Meditation Center
at Braunschweig. We are just in
walk with a present for Bhagwan
soon a new "table the Boulder"
will be created here at -

Braun & Weg.

Yours faithfully
