

TO WHOM IT MAY CONCERN

I have heard of BAGWAN SHRE RAJNEESH a long time ago, directly from persons who know him very well, especially from my only son, Alvaro (Swami Chidanda) who spent eight or nine years at the former's home in Poona, and who is now in Oregon.

I have read some of BAGWAN SHRE RAJNEESH's publications, but he wrote other books which I do not know.

I highly esteem this man for his knowledge in the scientific field, particularly in psychology, metaphysics, and ecology. However, I lack the proper elements to be able to evaluate his work.

I hope to meet him next September.

What most struck me about him is his theory on Non-Violence, inasmuch as violence is a deplorable phenomenon that is rapidly spreading all over the world.

I am aware of the considerable interest that is developing around him in Europe.
