To whom it may concern,

My name is Marie Tassé also known as Ma Advaita Marie. I am a teacher specialized in Learning Disabilities and Speech Correction. For the last ten years my studies in education, psychology, sociology and religion as well as my work with children and adolescents led me to question myself extensively on human psychology and spirituality.

My university courses, my experience as an active Catholic and my seven years of teaching in Roman-Catholic schools still left me very unsatisfied.

My search for something more led me to yoga and meditation however the groups I briefly knew seemed to make abstraction of the everyday world!

Two years ago I was introduced to the writings, the recorded discourses and the meditation techniques of Bhagwan Shree Rajneesh. I had finally found all of what I was looking for! This man of incomparable intelligence presents man and all his complexities with extraordinary clarity and insight.

I took sannyas in October of '83 without ever having seen or heard my master.

Since, I have visited Rajneeshpuram for the 2nd Annual Celebration. During the Satsangs and the Darshans, Bhagwan makes his presence felt very strongly although he is in complete silence. During the meetings with the Master I have discovered how silence is really "worth a thousand words"!

I was overwhelmed by the harmony and precision with which the work happens around him. The way Bhagwan nourishes everyone of his sannyasins with his extreme love energy cannot be expressed in words but it can be seen and felt everywhere in that beautiful city!!

Bhagwan's presence is in every exciting project that happens, in the way routine everyday chores are being done as well as in the smiles on the faces of his sannyasins!!

Bhagwan Shree Rajneesh is the energy force of this great community!

Sincerely yours,

Ma Advaita Maie
