TO WHOM IT MAY CONCERN

My name is Amrit Mandiro. I am an artist from Puerto Rico. I have been a disciple of Bhagwan Shree Rajneesh for a year now. I was fairly successful at my line of work, but felt something was missing in my life. His ideas on art and life has clarified and given energy and direction to my art. I see art now not as an escape from life but as a beautiful experience to be shared with others.

Since I became a disciple of Bhagwan my life has changed completely. My life is very rich and productive now. I feel great energy for my painting and much more sensitivity for beauty.

We in America are very fortunate that all his books are translated or written originally in English. He has always spoken with great respect for this country.

He is a fountain of wisdom available for everybody. He is my spiritual Master and he is a rose that sends out its perfume. I would like that many Americans would have a taste of his perfume of love.

Truly yours,

Sw. Amrit Mandiro
