

TO WHOM IT MAY
CONCERN!

I am Doris Alidini,
and I am 39 years old
I studied until 14 years
long school, there are two
years that I became a
Sannyonin and now my
name is MA PREM DARIA.
and from that day I
became more serene and
I feel more love for
others -
For that reason I

Wish that my Master
don't have problem to
stay in USA not only
for me but for the
American people also.
